At the Last Minute

We all know that if it weren't for the last minute nothing would get done, so we've made sure there are plenty of great gift ideas in store ready for you to pick up, right up until Christmas Eve. And don't forget to ask about gift wrapping!

Affordable Hardwood Outdoor

Swifts' motto is 'When only the best will do,' and they certainly live up to it if the gorgeous 11pce setting we received last week is anything to go by. A very discerning customer has ordered the solid Kwila plantation hardwood suite just in time for Christmas and although it has only been set up in store for a few days, it has already caused a stir. This particular setting will be going out again this week, but take a look at www.swiftfurniture.com.au for information on it and the rest of their great range.

Another company creating beautiful, lasting pieces from timber is iWood. They, like Swifts, use a plantation hardwood, Acacia Mangium, and believe in sustainable, durable design. They also know how to offer a great Christmas Deal and have a 19pce setting including timber table, 8 timber chairs, 8 chair cushions, an umbrella and an umbrella stand at an unbelievable price. Stock is limited though, so take a look at the offer over the page and call us asap if you are interested.

For the Kids

The timber children's table and chair sets that always prove popular at Christmas time are back in stock. Sturdy, practical and timeless in their design, these 5pce settings are one of Santa's favourite gift ideas. We have two in chocolate and two in white and they will likely be the last we will be able to get in store before February next year, so make sure you get in quick to secure yours now.

For the Bigger Kids

We often forget to reward ourselves during the Christmas season, generally getting too busy buying presents for everyone else to truly indulge. This year though, leave some time to visit our La-Z-Boy Gallery and pick out something nice for yourself as we will be offering 20 to 30% off selected styles in a special end of year sale. The details are still being worked out, but the ads should be on the TV and in the newspaper soon, so keep an eye out, and don't be afraid to come in and test out the merchandise early!

Gift Ideas

The whimsical Jess Jewellery Trees from Madras Link will brighten the dressing table of any fashion conscious lady, no matter their age. And Woodwick candles from Splosh smell great, last for 190 hours and, best of all, have a wooden wick so that they crackle just like a proper little wood fire! Great ideas for Christmas and just the right size for us to gift wrap for you...
