Not One Sale But Two!

Two of our suppliers have decided to have catalogue sales this year and we're inviting you to join in and enjoy the savings. Dates are yet to be fixed, so keep an eye on your letter box for the catalogues or come in or call us for more information.

Below are details on the companies themselves and the kinds of products that will be on offer.

Filigree

If you're looking for easy and stylish soft furnishings, Filigree is your kind of company. From by the metre fabrics to ready made curtains to cushions for bed or lounge, Filigree combine sleek patterns with soft textures to help you create your own look for any room. We've had a sneak peak of the catalogue and it includes ready made curtains and lace, cushions, and even a few ready made blinds. And all at great low prices!

We expect stock within the week, so come in and see for yourself.

International Furniture

With the huge variety of furniture International imports and the low prices they sell it for, you can easily afford to furnish your whole house just through them. Lounge, Dining, Bedding, Entertainment Units, Bookcases, Office Furniture, Bars and Barstools, Occasional furniture... the list is long and a good selection of it appears in their soon to be released catalogue. We're waiting on the last few items to arrive and the catalogue should be out either this week or the next, but there are already discounts in store so come in and have some fun spotting all of the bargains!

Range and Availability

Over the years, there have been some comments about the limited range available in a rural store like ours. While it's true that there will always be some items more readily available in a city, and the lead times on orders can be a little protracted, please know that if there's something you want, have seen, need or are in love with – in terms of furniture and homewares at least – we're ready to do our best to get it for you. Bring in that magazine snippet, or the photo you took of that thing you saw, even a description and some measurements and we'll go from there. Some times getting what you want can be as easy as asking.

Gift Ideas

New Splosh words and diffusers will be in this week, as will some new decor items from perennial favourite Dasch. Great ideas for Christmas and just the right size for us to gift wrap for you...
